

Dear GOALS Supporter,

In Haiti, children everywhere avidly play soccer barefoot, kicking tin cans and running on rough fields. GOALS takes this passion for soccer and uses it to engage youth in community work and education that improve their quality of life and develops new leadership.

GOALS works with over 600 children per month on average. Activities are designed to include children 7-18 years old and public outreach seeks to reach all members of the surrounding community. We specifically target young adults who are 12-18 years old, in order to intervene at one of the most critical stages in youth development. Our focus on health, leadership, community service and education is designed to help young adults develop into strong, confident leaders who are committed to helping those around them.

In communities where GOALS works, earning a spot on an official team is the biggest hope of many children. Each sponsored team consists of 25 players, and 40 participants often come to practice daily in hopes of joining GOALS. **We currently have 3 teams that need sponsorships.** These children come to practice daily, but lack the materials and support needed to participate in, and benefit from, our unique programs.

A donation of \$12,000 will sponsor a team of 25 players for one year, providing **equipment, food, water, game day transportation, and a coaching stipend.**

GOALS is one of the only organizations in Haiti providing free, in-depth programs on a daily basis for youth in underserved areas. Our incentives-based approach encourages high participation, outstanding engagement, and equal participation of girls and boys. Your sponsorship of a local youth team would provide the best possible support of our players and communities on the ground in Haiti. These children are talented players and promising young leaders. Your support would allow us to provide them with new opportunities and to invest in their futures.

From everyone at GOALS, thank you for your consideration.

Yours sincerely,

Jolinda Hackett
Executive Director

All donations are tax-deductible

Sponsor a Youth GOALS Team in Rural Haiti

GOALS is constantly approached children who want to become a part of our program and form local soccer teams. **Our main barrier to reaching more kids is lack of funding.** Teams and coordinators receive a stipend for food, water, games, and materials for local projects based on the quantity and quality of their participation in the program. This is a fun, simple, and effective way that children grow into leaders, both on and off the field.

GOALS soccer teams are an ideal way for supporters to engage with youth in Haiti and help them change their lives today while building a better future for their communities tomorrow.
